{{BIBLIOGRAPHICAL_CITATION}}

I undertake

1. to use the above dataset solely for scientific research and teaching purposes;
2. to use the dataset to the best of my knowledge and belief, to carefully observe the supplied data documentation for the use of the data, and to respect the rules of good scientific practice;
3. to cite the dataset used in accordance with scientific practice;
4. to use the dataset in compliance with the applicable data protection regulations;
 - a) in particular, not to try to attribute the dataset to individuals;
 - b) in particular, to prevent inferences about individuals within the context of publications, and to respect the confidentiality of personal data;
- 5) not to pass on the dataset or make it accessible to third parties, neither in its original nor edited form, be it for a fee or free of charge;
- 6) to keep the dataset safe from access by third parties;
- 7) to permanently delete the dataset after the intended research and teaching project has been completed.
